

Vikas Dhiman

Address: Village Bhanjal, P.O. Sunkali, Tehsil Amb, District Una, Himachal Pradesh –177219

Contact: +91–8350942717; **Email:** vikasdhiman1008@gmail.com

Shopify Developer

PROFILE

- Shopify Developer with strong expertise in custom theme development, Liquid programming, and backend logic. Successfully delivered multiple Shopify stores with advanced functionality like product templates, cart customization, and app integrations. Skilled in building responsive and performance-optimized eCommerce solutions.

PROFESSIONAL EXPERIENCE & ACCOMPLISHMENTS

WebGarh Solutions Private Limited
Web Developer

Since 10 Oct 2022 – 16 May 2025

- Customized Shopify themes (mainly Dawn) to meet client-specific needs
- Developed custom sections and Liquid templates for product pages, carts, etc.
- Integrated third-party Shopify apps and APIs for extended functionality
- Managed product setup, collections, and dynamic metafields
- Focused purely on backend/store logic; collaborated with designers for UI
- Migrated stores and set up payment gateways
- Fixed Liquid errors, app conflicts, and improved store speed
- Built reusable, schema-based Liquid sections for dynamic page building by non-tech users
- Worked with project managers to estimate scope, plan sprints, and meet delivery deadlines
- Delivered maintenance, store enhancements, and client support post-deployment

Excellence Technology, Mohali
PHP & WordPress Developer (Trainee)

Since 01 Apr 2022 – 01 Oct 2022

- Built PHP-MySQL website with user login, registration, dashboard and logout features.

- Completed hands-on training in WordPress and PHP-based website development
- Created WooCommerce sites using ACF, WPBakery, Elementor
- Implemented dynamic functionality using custom PHP hooks
- Learned backend logic, CMS customization, and plugin integration
- Customized WordPress themes and templates to match client-specific layouts
- Practiced creating responsive layouts and embedding shortcodes in content sections

Luminous Power Technologies Pvt. Ltd

Since 10 Sep 2021 – 18 Dec 2021

PDI Assistant (Fan Department)

- Performed final inspection and functional testing of ceiling fan units before dispatch
- Conducted functional testing for voltage, amp, RPM, motor sound, and smooth operation
- Inspected motor function, blade quality, labeling, safety net, and overall physical build
- Flagged any faults or irregularities, ensuring faulty batches were sent back for rework
- Maintained inspection logs and communicated quality issues to the production team
- Ensured only fans meeting quality standards were cleared for packaging and shipping

TECHNICAL SKILLS

- Languages: HTML, CSS, JavaScript, jQuery, Core PHP
- Platforms: Shopify, WordPress
- Database: MySQLi (PHP extension)
- Tools & Utilities: Visual Studio Code, phpMyAdmin, cPanel
- Concepts: Custom Theme Development, Liquid Schema, Backend Logic

ACHIEVEMENTS & RECOGNITIONS

- Built high-performance Shopify stores with advanced functionality, clean backend architecture, and business-focused customizations.
- Delivered high-performance eCommerce stores like NailSkillz, Lightup and HuntingLiving from scratch using Dawn theme
- Created reusable custom sections enabling easy content management without design dependency
- Improved performance of product and cart pages through optimized Liquid and minimal JS logic
